INTRODUCTION
About Me

Hi, I'm Adam, The Alchemist.

First thing to know about me is I'm an enthusiastic filmmaker who loves shooting weddings. I relish every part of the day as I hunt for the story within each scene.

I have been making films most of my life and filming weddings since 2018. I'm passionate about producing cinematic films that capture the very spirit and emotions of one of the most important days of your life.

I aim to create a memory you will treasure for a lifetime.

Cinematic Storytelling

Redefining wedding films.

Storytelling is at the heart of my filmmaking. That's why you'll see me sneaking around in my socks trying to get the best shots, to save that precious moment forever.

My filming is unobtrusive and natural. No staged shots, no scripted elements, your day as it happens.

Testimonials

"From the moment Adam arrived on the morning of the wedding, he just blended in. He communicated perfectly with our photographer and they worked brilliantly together, getting the best footage of our special day.

Adam was spectacular on the day, buzzing around practically unnoticed, and even went above and beyond, wiping mud off of my shoe to get the perfect shot!

Connie & Dean

"The videos we have received are stunning – You can try and remember your day to some degree, but actually getting to see it is something else! We will treasure these forever.

If you're unsure about filming your day, honestly, just go for it. You won't regret it – more so if you're lucky enough to book Adam, as he will make sure you're having fun & isn't afraid to join in on a gin shot!"
